### COMMENTS:

Comments on Sight Translation

Both of the documents are translated with accuracy. Candidate relays the information needed with the intonation and tone of voice that corresponds to the meaning of each document. Candidate generates expected syntax, register and vocabulary.

Comments on Dialogue Translation

Some shortage of vocabulary is noticeable when interpreting the dialogue. Candidate has difficulty concentrating on long fragments, which causes omission of important information. It is advisable for the candidate to listen carefully to the native speaker and practice note-taking technique. Overall candidate demonstrated strong ability to interpret in the dialogue setting.

### CONCLUSIONS:

Candidate has Passed the ILSAT Test
