

LearnIT2teach

Maksym Achkasov

has successfully completed LearnIT2Teach

Pre-Stage 2

Awarded September 2023

Trainer: Jen Artan

Pre-Stage 2 Outcomes:

By the end of this training, participants will:

- understand the LINC courseware and its companion curriculum resources
- learn different ways the courseware can be used
- consider a strategy to introduce learners who are new to the courseware
- understand how to use SCORM and H5P activities in the courseware
- know how to deploy the LINC courseware on avenue.ca

Participants will be prepared to deploy the LINC courseware. This includes how to:

- manage student accounts
- help students personalize their accounts and find support materials
- navigate the course
- manage blocks effectively
- view the course as a student

Participants will be prepared to customize the LINC courseware. This includes how to:

- edit the course settings to change the start date and its availability to students
- make relevant course content available to students
- re-order the contents of the course home page
- post to the teacher Announcements forum
- import glossary entries from a back-up file

Course duration: 2.5 hours
